Matthias Glaubrecht

A change in the authorship of this paper became necessary only recently after the paper was released. The corrected order of authorship should be as follows:

Authorship

Valentina Todisco[1], Vazrick Nazari[2], Donatella Cesaroni[3], Valerio Sbordoni[3]

1 *University of Vienna, Department of Botany and Biodiversity, Vienna, Austria*
2 *Agriculture and Agri-Food Canada, Eastern Cereal and Oilseed Research Centre, C.E.F., Ottawa, Ontario K1A 0C6, Canada*
3 *Department of Biology, University of Rome 'Tor Vergata', Via della Ricerca Scientifica, 00133 Rome, Italy*

The acknowledgements section also needs to be amended as follows:

Acknowledgements

This study was supported in the framework of the SHIBU project (DNA barcoding, molecular systematics and evolution of Sino-Himalayan butterflies) funded by Tor Vergata University grants to Valerio Sbordoni and by grants to Paul D.N. Hebert from NSERC and from the Government of Canada through Genome Canada and the Ontario Genomics Institute in support of the International Barcode of Life Project. We are extremely grateful to Niklas Wahlberg for providing valuable insights in the early stages of this study, to Vadim Tshikolovets for providing identification materials, to Massimo Di Rao and Marco Lucarelli for the genitalia preparations and to Prof. R.I. Vane-Wright, Rodolphe Rougerie and an anonymous reviewer for their helpful comments.
